PACIFIC COAST NEWS.

A warehouse at Elmira, Solano county, was crushed by the snow on Sunday.

Volunteer barley, well headed out, is shown in Santa Cruz. Pear trees are in full bloom in some parts of the county.

New settlers are going into the Shagrit country, W. T., new logging camps being started, and great activity displayed all through the valley.

Vigilance committees are organizing at Bozeman and other thief-infested towns in Montana, and purpose ridding the country of its undesirable element.

Weeksville, Montana, the front of the Northern Pacific, now wears the belt as the toughest place on the continent. Murder and robbery are everyday amusements.

The town of Santa Ana, Los Angeles county, was laid out on 73 acres of land in 1869. It now covers 250 acres is still expanding, and contains 2,000 inhabitants and five churches.

The Oregon Improvement Company has voted to increase the capital stock from \$5,000,000 to \$7,000,000, the increase to be expended in developing coal mines and building a steamship line.

Sugar-cane is grown by Chinese in Santa Ana Valley, Los Angeles county. The Santa Ana Herald says that the culture of the cane in that valley is not an experiment, but that its success is a settled fact.

There are 12,000,000 sheep in the Territory of New Mexico. About half of this number average two pounds of wool to the head, 4,000,000 average four pounds of wool each, and the remaining 2,000,000 average seven pounds of wool each.

They Are Fast Disappearing.

[Atlanta Constitution.]

"Have you noticed," said General Hoke of North Carolina the other day, "the rapid disappearance of one-armed and one-legged men? At the close of the war, in the South as almost everywhere in the army, men without an arm or leg were to be seen everywhere and on all occasions. Within the last few years they have been growing scarcer rapidly. In a few more years it will be a rare thing to see one."

"It is impossible for me to realize," said an old soldier sitting near by, "that it has been more than 17 years since Lee surrendered. When I think of that day it seems to me that it was only yesterday. And yet nearly a generation has passed since the Confederate flag was floated for the last time."

"You will appreciate this still more," said General Hoke, "if you notice the next assemblage of soldiers at a reunion or in procession on some occasion. It is pitiful to see how old and grizzled they look. The youngest of them are middle-aged men. Why, the day I surrendered I could place my hand on my saddle-horn and vault over my horse's back. Now, about all I care to do is to climb up one side of him."

What's Saved is Gained.

Workingmen will economize by employing Dr. Pierce's medicines. His "Pleasant Purgative Pellets" and "Golden Medical Discovery" cleanse the blood and system thus preventing fevers and other serious diseases, and curing all scrofulous and other humors. Sold by druggists.

Failing!

That is what a great many people are doing. They don't know just what is the matter, but they have a combination of pains and aches, and each month they grow worse.

The only sure remedy yet found is BROWN'S IRON BITTERS, and this by rapid and thorough assimilation with the blood purifies and enriches it, and rich, strong blood flowing to every part of the system repairs the wasted tissues, drives out disease and gives health and strength.

This is why BROWN'S IRON BITTERS will cure kidney and liver diseases, consumption, rheumatism, neuralgia, dyspepsia, malaria, intermittent fevers, &c.

Mr. Simon Blanchard, a well-known citizen of Haystack, Meade county, Kentucky, says: "My wife had been sick for a long time, and her constitution was all broken down and she was unable to work. She was advised to use Brown's Iron Bitters, and found it to work like a charm. We would not now be without it for any consideration, as we consider it the best tonic in the world."

BROWN'S IRON BITTERS is not a drink and does not contain whiskey. It is the only preparation of Iron that causes no injurious effects. Get the genuine. Don't be imposed on with imitations.

YOUNG MEN

WHO MAY BE SUFFERING FROM the effects of youthful follies or indiscretions, will do well to avail themselves of this, the greatest boon ever offered to the suffering humanity. DR. SPINNEY will guarantee to forfeit \$500 for every case of Seminal Weakness or private disease of any kind or character which he undertakes and fails to cure.

MIDDLE-AGED MEN.
There are many at the age of thirty and sixty who are troubled with too frequent evacuations of the bladder, often accompanied by a slight smarting or burning sensation and a weakening of the system in a manner the patient cannot account for. On examining the urinary deposits aropy sediment will often be found, and some small particles of albumen will appear, or the color will be of a light milky hue, again changing to a dark and turbid appearance. There are many men who die of this difficulty, ignorant of the cause, which is the second stage of seminal weakness. Dr. S. will guarantee a perfect cure in all such cases, and a healthy restoration of the genital-urinary organs.

Office Hours—10 to 4 and 6 to 8. Sundays from 10 to 11 A. M. Consultation Free. Thorough examination and advice \$5.

THE SALARY LAW.
 There will be a determined effort made to repeal the salary law at this session of the Legislature. Nearly every county at the East will strongly urge a change, contending that it has worked a great hardship on taxpayers. Last January the GAZETTE took the trouble to go over the county records for two years. One year of the time reviewed was while we were working under the free system, and the other under the salary law. We found that in 1881 the county had a balance of \$7,979 in favor of the present system. Members of the Legislature wishing to review our statement, made in detail at that time, with editorial comment, will find the paper on file at the State Library. It was published in Vol. XII, No. 90, on January 16, 1882, and will justify a careful examination. Ormsby county has saved in two years about \$15,000 by this law and before its repeal County Clerks of the several counties should send their delegations an itemized account of the work performed and cost of doing it for, say, four years. In that way the Legislature can act understandingly and if the law does, as is claimed, work a hardship it can be repealed or modified. Washoe is satisfied and would regret to see it modified.

EDITORIAL NOTES.
 A man in Boise City proposes that if he is given the exclusive right to sell spirituous liquors in that town he will agree to pay all the indebtedness of the city and school district, and forever keep up a first-class public school sufficient to educate all the children, pay a good liberal salary to every teacher for every church in the city, and build a new church every five years. Though the proposition was intended for a joke, it would doubtless prove a bonanza. There are thousands of men who would give bonds to carry out such a contract.
 Seventy-two persons committed suicide in San Francisco in 1882 from these causes: Intemperance, 22; poverty, 15; temporary insanity, 11; financial embarrassment, incurable disease, physical suffering, 6 each; domestic troubles and fear of arrest for crimes, 3 each; business disappointment and disappointment in love, 2 each; jealousy, 1.

The date of opening the Northern Pacific is now set down to occur next Summer. Four hundred and seventy miles were completed during the year and the gap between the two ends of track is only 280 miles. Over 1,500 miles of road are now operated by the company.

The death of Gambetta will not produce any great change in the foreign policy of the French republic, which neither desires nor favors war; but, says a French paper, if forced into action by any power, France would undertake it as well without as it would have done with Gambetta.

EASTERN DISPATCHES

Secretary Lincoln on the River and Harbor Bill.
 CHICAGO, Jan. 5.

In his annual report to Congress Secretary Lincoln sent in no estimate for the improvement of rivers and harbors, saying that in the last River and Harbor bill were appropriations not in the interest of and did not benefit navigation and commerce. This was a reflection on the intelligence of the Commerce Committee of the House, and some members resented it. They felt that the Secretary had gone beyond the requirements of his office in reading the committee a lecture. On the 10th of December Mr. Page, Chairman of the committee, reported a resolution to the House, which was adopted, calling on the Secretary to point out appropriations in the bill which were not for the benefit of commerce and navigation. The action of the committee and the House was a surprise to the Secretary. He is said to have called in General Wright, Chief of Engineers, and asked him to make out a list of appropriations not in the interest of commerce and navigation. Wright looked surprised and said he knew of no such appropriations, and asked to be excused from the performance of any such duty. Then the Secretary directed a subordinate to go over the bill and indicate appropriations that seemed to be of no earthly use outside of the Congressional districts in which they were located, and this list was sent to Congress to-day. In order to vindicate themselves, the committee intend to pulverize Secretary Lincoln by demonstrating the vital importance of all streams, slips and mill ponds for which appropriations were made last year and which appeared on the Secretary's black-list.

Two Old Men Going on a Grand Junketing Tour.
 NEW YORK, Jan. 6.

When Simon Cameron was in this city a few days ago he called on Dana of the *Sun*, and together they planned an extensive pleasure trip. They leave here for San Francisco on the 15th of next month in a special palace car which they have already engaged. Each gentleman will be accompanied by his own cook. They propose to have a very comfortable and enjoyable time. They will probably be away from home about two months. Dana is still a strong and active man, and Cameron, some 20 years the senior of the New York editor, is a marvel of physical preservation, or he could not at his age undertake this railroad jaunt of 6,000 or 7,000 miles.

The Heads of the Land Department Disagree.
 WASHINGTON, Jan. 6.

John T. Gamble of California, through his attorney, some time ago made a request to the President to remove Michael Burke from a section of land covered by Gamble's homestead entry. The application was based upon an old law passed in 1807, authorizing the President to remove intruders on public lands. The Commissioner of the Land Office, to whom the question was referred, held that the old law was still in force, but in a letter to the Attorney General the Secretary of the Interior refuses to concur in that opinion. He holds that the law was superseded by subsequent legislation and that the punishment of trespassers on public lands has always been effected by resort to judicial tribunals.

The Mayor's Decision.
 NEW YORK, Jan. 6.

Mayor Edson said to Salmi Morse when he applied for a license to present the "Passion Play." "Inasmuch as to grant the license would be an act against the wishes of the most influential and respectable people of this community, I think it my duty to decline granting it, and that is my decision."

A Negro Abductor.
 ST. ALBANS, Vt., Jan. 6.

The people and police of northern Vermont are on the lookout to prevent John Edwards, a colored farm hand, from reaching Canada, whither he seems to be fleeing with Kitty Marsh, aged 13, daughter of a well-to-do farmer. He called at school for the girl and took her out to drive.

A Proposition to Rent Government Land.
 CHICAGO, Jan. 6.

B. H. Campbell of Chicago, representing local capitalists, has offered the Secretary of the Interior an annual rental of \$50,000 for a tract of land in Indian Territory thirty miles square on which to raise cattle, with the right to cut timber for wire fences.

A Matter of Interest to our German Citizens.
 WASHINGTON, Jan. 6.

The Cabinet has considered, without reaching a conclusion, the demand of the German Government for military service from its subjects in the United States. The German Government has instructed all its Consuls to notify German subjects liable to military duty to report. Among the persons

notified are Germans resident in this country who have not been naturalized and the sons of such Germans who have not reached their majority, and consequently cannot yet elect their nationality. These Germans don't know what to do, and had been writing to the State Department for information. The Department replied that it had heard nothing from their Minister at Berlin in regard to the demand for military service, but as soon as it gets any information it would give Germans in this country the benefit of it. The German government wishes to abrogate the Bancroft treaty on the ground that it is too favorable to America.

The Saloon License Agitation in Illinois.
 CHICAGO, Jan. 6.

The local saloon-keepers' association has appointed a committee of five to work against the present agitation for an increase of saloon licenses. The citizens' league are confident a law will be passed making \$500 the lowest license fee for any saloon in the State.

A Faithless Husband Confesses his Guilt and then Suicides.
 PLANO, Ill., Jan. 6.

The wife of Charles E. Slocum recently applied for a divorce on the ground of infidelity. Last night he sought her out, confessed his guilt and promised to reform, and begged her to return. She refused, whereupon he drew a revolver and shot himself in the head and died in ten minutes.

PLUMAS ITEMS.

Driftwood From the Foot-hills of the Sierra Nevada.
 [From the Greenville Bulletin, Jan. 3.]

At the Green Mountain mine both mills are running steadily.

The lawsuit pending between parties interested in the Indian Valley mine has not yet reached a conclusion.

On Monday afternoon John Atwood was walking down Crescent street; he stumbled and fell; in falling his leg struck a large stone and was broken between the knee and ankle.

Saturday night was the coldest yet this season. The mercury registered from two to five degrees below zero in different parts of town.

The Eagle Lake tunnel is now in about 700 feet. Merrill and Marker will soon put in steam drills and push the tunnel through to the lake as fast as possible.

Tommy Williams, who had one of his fingers cut with an ax some time ago, had to have the injured member cut off, the bone being too much injured to heal.

George Waters had his leg broken on Saturday a week ago. He was riding a fractious horse, when the animal got frightened by a locomotive whistle and in his struggles fell, breaking the leg of his rider.

A Chicken Malady.

A mysterious and fatal disease has become epidemic in the poultry yards of some parts of California. Fowls which have fed heartily in the evening are found dead under their roosts the next morning, nor is there in the appearance of their bodies externally any manifestations of disease. Turkeys and ducks belonging to the same poultry yards do not seem to be attacked by the malady.

En Route to Take a Hand.

Peter Peterson, Joint Assemblyman from Modoc and Siskiyou counties, Cal., accompanied by his family, who have been stopping at the Golden Eagle Hotel the past ten days, leave to-night for Sacramento, to be in readiness to organize on Monday next. Mr. Peterson leaves his oldest daughter at Bishop Whittaker's School for Girls for the coming term.

Vaccination for Blackleg.

An Oregon paper says some of the stockraisers east of the mountains are trying the vaccination of calves with garlic as a preventive of blackleg, with apparently good results. The garlic is inserted under the skin and produces a running sore, which brings out all the impurities of the blood and rescues the animal from the ravages of this dread disease.

Coal Oil vs. Gas.

Several business firms, hotels and saloons are putting in coal oil in place of gas. They complain of the quality of the gas furnished and say that oil is cheaper and gives a much better light than poor wood.

FOREIGN TELEGRAPH.

A Scene at Gambetta's Wake.
 PARIS, Jan. 5.

To-day, while Paul de Roulade was watching by the side of the catafalque Mayer walked into the room. Roulade said: "You have no right to approach the coffin of a man you insulted during life." With these words he struck Mayer, who returned the blow. Bystanders separated the combatants. Pere Hyacinthe will preach the funeral sermon Sunday.

Starvation in Ireland.
 DUBLIN, Jan. 5.

A husband and wife starved to death at Ballinsloe. Sanitary work is being started at Kilrush to afford relief. The Carrick-on-Shannon guardians show that large numbers of farmers with holdings of from one to 20 acres are absolutely without stock or food.

LIEBIG MALT EXTRACT.

RECOMMENDED BY PHYSICIANS of the highest eminence on both sides of the Atlantic, as an invaluable Tonic and Restorative in cases of General Debility, Nervous Prostration, Exhausted Constitution and Female Weakness.

NURSING MOTHERS, who suffer from poverty of milk, will find it a specific for their troubles. It stimulates the digestion, purifies the blood, invigorates and builds up the entire system, and excites a generous flow of milk.

WEAK AND SICKLY CHILDREN, who suffer from indigestion and weakness, the result of disease, over-study, or nervous strain, will derive substantial benefit from its use. It restores the system to its normal condition and brings back the bloom of youth.

INVALIDS AND CONVALESCENTS will find it admirably adapted for sustaining life, and restoring lost strength. When the stomach is weak and refuses nourishment the Extract will prove an excellent substitute for food. It neither palliates nor offends the taste.

DELICATE FEMALES, who suffer from the weakness of their sex, will derive lasting relief from its use. It improves the digestion, purifies the blood, stimulates the appetite, and revivifies the spirits.

WEAK AND DECADENT PERSONS GENERALLY, who require some artificial restorative—and especially those who are inclined to Consumption—will find this preparation especially suited to their needs. It is a specific for the Cough and Nervous Affections usually incident to a low state of the system.

AS A FLESH RESTORER it possesses the highest value. The whole tendency of its action is to stimulate the digestion of fat-producing foods, and its effect is invariably to give fullness and roundness to the female form, and robustness to the masculine frame.

THE **LIEBIG MALT EXTRACT** is a pure concentrated Fluid Extract of Malt, agreeable to the taste, and free from alcohol. It is readily retained on the stomach, and contains none but wholesome and nourishing ingredients. The genuine preparation bears on the label a fine engraved likeness of Baron von Liebig, and a fac-simile of his signature, as well as that of J. COLEMAN & CO., BREMEN, No. 1, Sole Agents for America.

The Princess Louise has charmed the people of Santa Barbara with her gentle voice and gracious manners, but nothing captivates a man so suddenly as one of those fine cigars that E. Meyer sells. Try one for the fun of it.

At the present prices ten acres in hops will bring more money than 500 acres in any other farming; and if there is a man who thinks the price of hops excessively high, let him remember that J. K. Everett keeps his first-class groceries down to the lowest notch. It's the way he has of doing business. He has more faith in the nimble sixpence than in the slow dollar.

A day or two ago a young man went into the White House and told Abraham Bros. to fix him up "the best they knew how." They commenced work on his ungainly figure, and when they got through his own mother wouldn't have known him—he was a perfect bean in appearance. One of the results of this transformation was that he received a dozen invitations from ladies to accompany them to the Wadsworth ball last night.

"Coals to Newcastle."

Taking sheep to New Mexico, which some Nevada (and California) owners did the past Summer, is not apt to prove a profitable investment. It is a good deal like "carrying coals to Newcastle." Sheep are cheap and abundant in that Territory, and many Mexicans count their flocks by the time required in passing a given point, and the loss of a few hundred is not noticed.

Heavy Metal.

The Antelope Mining Company had the misfortune to break their crucible while making a clean up yesterday. A new one was ordered from San Francisco last evening.

AMERICAN DAIRYING.

Milk and Butter Yield of Various Breeds.

The 15,000,000 milch cows in this country should and may easily be made to give 37,000,000 tons of milk per year, says a writer in *Harper's*. To reach this desirable result ensilage might be made to perform an important part. The total annual yield of corn stover in its various forms is not less than 120,000,000 tons per year; if this entire product were converted into milk, under proper conditions of feeding, it would amount to 60,000,000 tons per year, or 2,100 pounds for each man, woman and child in this country. Facts and figures given show that even with a yearly milk yield of less than 5,000 pounds per cow the average product may be 200 pounds of butter. Experience has shown that two cows can be kept on an acre under full feed throughout the year. With a milk yield of 5,000 to 6,000 pounds per cow, this would make the product 10,000 or 12,000 pounds of milk per acre. That such results have been obtained encourages the hope that the general product of the farms will be greatly increased.

Regarding the merits of the several breeds of cattle as milk and butter makers, the article says the Holsteins clearly outrank all others in milk, and the Jerseys are no less supreme in regard to butter. It mentions nine Holstein cows which give a total yearly yield of 144,317 pounds, or an average of 16,118 pounds per year. The quantity given by each ranged from 14,164 to 18,004 pounds. Comparing this with the milk yield of shorthorns, Devons, Ayrshires, natives and Jerseys, it is found that five exceptionally good cows, one of each of the breeds named, produced 56,966 pounds, or an average yearly product of 11,400 pounds, ranging from 12,870 for the shorthorn to 9,528 pounds for the Jersey.

When a similar comparison is made of the butter yield of the Jerseys, the following figures appear: 778 pounds per year is the record for Darling's Euros.

776 pounds for Kennerson's Jersey Queen.

704 pounds for Jersey Bell, of Scituate, C. O. Elms.

600 pounds, reported in *Country Gentleman*, for Jersey cow Etie.

572 pounds for Sutcliffe's Pansy, Bristol, Conn.

549 pounds for cow of Prof. Alvord.

511 pounds for Motley's Flora, Jamaica Plains, Mass.

500 pounds for best cow of Goodman's herd.

506 pounds for grade Jersey of William Dupee, Ontario county, New York.

500 pounds reported from Delhi Fair, by Edward Edgerton.

Here we have an aggregate of 5,965 pounds of butter for 10 Jerseys, making an average of 596 pounds per cow.

In comparison with these figures, let us now take the following butter yields for other breeds:

For Short-Horns, 500 pounds, reported for the Maid of Athol in *American Agriculturist*.

For Holsteins, 509 pounds, for Col. Hoffman's Jufrou, Chemung county, New York.

For natives, 485 pounds, for the Oakes cow of Massachusetts.

For Devons, 480 pounds, for cow of W. Wilton, New Hampshire.

For Ayrshires, 380 pounds, for Holton's Daisy, Western New York.

This shows an aggregate of 2,367 pounds of butter for five cows of different breeds, making an average of 473 pounds per cow, being 130 pounds less than the average of ten Jerseys, and 300 pounds less than the product of the best Jersey.

ESMERALDA.

A Treat in Store for Reno Theater Goers.

The Madison Square Theater Company will present this exquisite domestic drama at Nevada Theater on Friday, January 15. Those who have been so fortunate as to witness the famous play of "Hazel Kirke," as produced by this company, must feel a natural curiosity to see the drama which is universally conceded to be the successor and rival of the former great play. The remarkable success which attended the production of "Esmeralda" in New York would indicate that popular favor has stamped the latter play as worthy to take the place of "Hazel Kirke." The critical audiences of New York have united in highly commending "Esmeralda" as an original and intensely interesting dramatic work. Our citizens now have the opportunity of forming their own opinions, since the play is to be produced here with appropriate scenic appointments.

Accidentally Shot.

A man named Fidele was accidentally shot in the right breast at Eureka Thursday night by a careless boy named Lucey, who was clerking in a gunsmith shop. The wound is of a serious nature and may prove fatal. Lucey has been placed under arrest.

THE VALUE OF TIMBER.

English Speculators Trying to Buy Government Land.

That the value of the great redwood and pine forests of the Pacific Coast and the Sierra is increasing in a very rapid rate is manifest to every one who keeps his eyes open and observes facts. Some shrewd speculators and speculative companies have recently taken up large tracts of timber land in Humboldt county, Cal. An English company has been trying to buy up from the Government, through pre-emptors, 100,000 acres of redwood timber land in that county. These investments, if prudently made and judiciously managed, will certainly be very profitable, and there will be no long time to wait either. That so great a quantity of invaluable timber is destroyed every year by forest fires, kindled principally through carelessness of shepherders and hunters, is most lamentable. The result of such fires is more fatal on this coast than it is in a country where there is rain in Summer. The soil in an old forest consists of decayed leaves and dry twigs many feet deep often. The upper portion of this rich vegetable mold becomes very dry in Summer, and when a fire is kindled the soil is consumed as well as the trees. This destroys all the young shoots and seedlings which are springing up and which would eventually replace the forest.

PERSONALS.

Tule Frank is here again.

C. M. Fassett of Eureka is at the Arcade.

J. T. Mills of San Francisco is at the Depot.

C. F. Meeller of Steamboat was in town to-day.

D. M. Gloster, the rustler, went below last night.

B. W. Wald went home this morning by the N. & O.

Hon. Walter Marsden came down from the Capital last evening.

M. Raphael of Downeyville, Nye county, came in on the noon train.

Mrs. F. M. Payne returned from her visit to San Luis Obispo last night.

Hon. H. G. Parker, Senator from Ormsby county, was here last night.

J. M. Rock, E. D. Potter and J. M. Colburn of Wadsworth are at the Arcade.

Superintendent Frank Free and W. H. McPherson of Wadsworth were here to-day.

Clem Lemery of the Arcade left for Quincy, Plumas county, this morning, to be gone ten days.

Captain Tollbut of Susanville came in over the grasshopper line last evening and proceeded on to the Bay city.

The honorables representing Washoe county in the Legislature came down from Carson last night to remain until Monday morning.

The latest advices from Susanville are to the effect that Mrs. Dr. Chamberlain of that place was unconscious and not expected to live.

An army paymaster left for Fort Bidwell this morning, with an escort. Two officers accompanied him, to take part in a court martial to be held there.

George W. Mapes has sold his ranch and stock range at Beckworth, containing 2,040 acres, and has moved to Reno to reside for the Winter. He came in last night.

A. W. Maxwell and James McLamar returned to Antelope to day, after a two weeks' visit to Reno and vicinity. They were escorted to the depot by a squad of friends who gave them a good send-off.

Hon. Tim McCarthy, the great ward politician of San Francisco, will arrive from the East on to-night's express. Ben. Steinman, of the depot restaurant at Sacramento, will also arrive on the same train.

Ex-Sheriff W. A. Walker and wife depart this evening for San Francisco, where they will take up a permanent residence. Mr. and Mrs. Walker have many friends in Reno who regret to part with them. The *GAZETTE* wishes them all the success their sterling worth entitles them to, and hopes they will find as pleasant a home as the one they leave behind.

Cheap Travel for Emigrants.

The Central Pacific Railroad gives notice that it will furnish orders for emigrant passage to San Francisco from Havre, France, via New Orleans and San Antonio and El Paso, Texas, at a rate of \$65. Tickets furnished on these orders will be good for stowage passage by steamer from Havre to New Orleans, and for third class passage by Southern Pacific Railroad from New Orleans to San Francisco. Applications for such prepaid orders can be made to T. H. Goodman.

OREGON CITY WOOLEN MILLS BLANKETS

A PULP MILL.

An Enterprise that Must Prove Profitable to its Projectors.

In the middle of November last the ground was broken near Towle's Mills, in the Sierra Nevada, for the erection of a large pulp mill, projected by Judson & Shepherd of San Francisco and Messrs. Towle Bros. of Alta under the immediate supervision of L. H. Guptill. Notwithstanding frequent interruptions by stormy weather and the vast amount of grading necessary for the foundation, the massive two-story building 40x80 feet in dimensions was completed on Tuesday and a bottle of champagne broken over the last shingle. The architect has devoted much attention toward strengthening the building with trusses and ample braces, to stand the pressure of the heavy machinery for manufacturing the pulp. Six hundred horse power is necessary to run the machinery, which will be supplied by hydraulic water pressure. The fir timber to make the pulp can be supplied by Towle's railroad in unlimited quantities. The pulp will be shipped to Stockton, and there be worked into paper. This enterprise is welcomed with much enthusiasm by residents of that vicinity.

The Work of a Reno Artist.

A representative of the *Tuscarora Mining News*, while on his search after things old and new, stepped into the Delta saloon one evening and his eye lighted on a picture of a striped beast familiar to all students of geography as representing the tiger. Inspection revealed that it was painted by T. F. Laycock of Reno, and inquiry brought out the fact that it was purchased in Reno by Lew Bernard, who presides in the rear room. Parties who admire wild animals will find that Mr. Laycock has faithfully represented his subject.

The Wadsworth Ball.

The masquerade ball at Wadsworth last night was a grand success in every particular. The costumes were of every description, from the most elegant to a degree as ridiculous as human invention could make them—including the utterly too Oscar Wilde, represented by Miss Celia Raphael. The young lady was awarded a prize for her efforts in representing this monstrosity. The *GAZETTE* will on Monday publish a list of prizes awarded.

Great Rejoicing.

Next week, says the *Tribune*, the V. & T. R. R. Co. will pay all their employees and the C. & C. the same. On Monday next the law-makers will receive their per diem and money will be flush at the State Capital.

1883. Harper's Magazine

ILLUSTRATED.

HARPER'S MAGAZINE begins its 60th volume with the December volume. It is not only the most popular illustrated periodical in America and England, but also the largest in its class, the most beautiful in its appearance, and the best magazine for the home. A new novel, entitled "For the Major," by Constance Fenimore Woolson, the author of "Anne," was begun in the November number. In literary and artistic excellence the Magazine improves with each successive number. Special arrangements have been made for the lighter entertainment of its readers through humorous stories, sketches, etc.

SUMMONS.

IN THE DISTRICT COURT OF THE Second Judicial District of the State of Nevada, in and for the county of Washoe, The State of Nevada sends to Arden Jones greeting:

You are hereby required to appear in an action commenced against you by defendant, Jemima Jones as plaintiff in the District Court of the Second Judicial District, in and for the county of Washoe, State of Nevada, and answer the complaint therein within ten days after the service on you of this summons (exclusive of the day of service). If served in said county, or twenty days if served out of said county, but within said District, and in all other cases forty days; or judgment by default will be taken against you according to the prayer of said complaint. The said action is brought to obtain a decree dissolving the bonds of matrimony heretofore and now existing between plaintiff and defendant, Plaintiff alleges: That plaintiff and defendant, herein married at Mono county, California, on or about July 19th, A. D. 1871, and ever since have been and now are husband and wife; that on or about Sept. 9th, A. D. 1872, you, the defendant, willfully deserted and abandoned plaintiff, and ever since have so continued, and now do so continue to desert, abandon and live apart from plaintiff, against her will, wish or consent; that proceeding the commencement of this action, you, the defendant, have failed and neglected, and now fail and neglect to provide for plaintiff the common necessities of life, which neglect is and was not the result of poverty on your part which you could not have avoided by ordinary industry; that there are no children living of the issue of said marriage, and no common property. Plaintiff prays to be restored to her maiden name, and for costs, all of which will more fully appear from the complaint which is on file in the office of the Clerk of said Court, at Reno, in said county. And you are further notified that if you fail to appear and answer said complaint, the said plaintiff will apply to the Court for the relief demanded.

In testimony whereof I, P. R. Comstock, have hereunto set my hand and affixed the seal of said Court this 23rd day of December, A. D. 1878.

P. R. COMSTOCK,

Clerk of the District Court of the Second Judicial District, Nevada, in and for Washoe county.
